Mr. Phillip Charles
Chairman
Rotary District 9630 Drought Appeal

Dear Sir,

The Drought Relief Vouchers distributed by Rotary to those affected people on the land throughout the South West area have been of great benefit, not only to the recipients but also the local businesses who have benefitted through the extra sales. Most businesses in Cunnamulla are feeling the impact of less trade and lower turnover due to the tight economic conditions experienced during prolonged drought, however, this method of distributing drought funding is making a difference.

I think it is a very fair way of distributing the funds, it provides the recipients with the means to purchase items they need but couldn't afford, encourages them to travel to town and socially interact with others and by spending the funds locally, there is the flow-on effect throughout the community.

Rotary is to be commended for this effort and the efficient way in which it handles reimbursement of the vouchers. My thanks and I'm sure many others go to you and your group for the help you have provided.

Yours faithfully,

Suzette Beresford
