

Testimonial

The team at the Rural Financial Counselling Service Southern Region are extremely grateful for the work undertaken by District 9630 under the Rotary Drought Relief Voucher scheme.

The scheme is one bright light in our rural communities in our current period of prolonged dryness. Our rural financial counsellors are honoured to be assisting with the distribution of the vouchers, as they really do know who needs this type of assistance.

The drought impacted bearer of the voucher can choose where they wish to spend their voucher. It may be the local hairdresser, the foodstore, the newsagency or the rural merchant.

Money spent in a locally owned and operated business stays within the drought affected community.

The Rotary voucher really is a gift that gives twice – it helps the primary producer and the local business owner overcome a tough time.

The viability of rural communities is threatened just a little less when a Rotary Drought Relief Voucher enters the equation and any support which can be offered to this fundraising initiative should be commended.

Karen Tully – Chair of Rural Financial Counselling Service Southern Region
